**Regarding future reunions, would you like to combine reunions with other DHHS classes such as '73 or '75?**

I am open to the option although I still think I would spend most of the time with our classmates. Combining resources with another class might however, benefit us all.

**What's the best thing(s) to happen to you in the last 30 years?**

My marriage and raising a family certainly top the list. I've been exceptionally fortunate to have a career in a field I love so much for so long however, it pales in comparison to the blessings I come home to.

**What's the most significant event to happen to you in the last 10 years?**

Sharing so many joyful experiences as my children have grown .....everyday with them has been a treasure. At the other end of the spectrum was losing my beautiful sister to cancer two years ago. As heart-breaking as that was however, her grace, dignity, strength, compassion, and kindness impacted all who knew her and are a legacy which will forever influence my own values.

**What's important to you now?**

Faith, family, friends, and the "little things" that make life sweeter.  
Also, I'm trying to see more of the world through my daughters' eyes.

**Where do you see yourself in 10 years?**

Probably wondering where the last 10 years went and envying all my friends whose kids have long since graduated college. Also, hopefully still wondering how much longer I'll have a flying career.

**Who are you most looking forward to seeing at this reunion? And why?**

The few reunion meetings I've attended have proven to me that it will be hilarious seeing everyone and getting caught up on the last several years. I am anxious to see the football team just because those guys shared some experiences that meant an awful lot to me. And of course, reliving (and embellishing) some of our "urban legends" is always high on the list.

As far as "other stuff", I'd just like to say the this class is still the GREATEST and there are probably not many days that go by when I don't recall some experience from Druid Hills. I'm just thankful that my advancing case of CRS hasn't affected those memories. Thanks to all.

**Hobbies/Special Interests:**

Cooking, painting, reading, and attempting to play golf. Ha!

**Regarding future reunions, would you like to combine reunions with other DHHS classes such as '73 or '75?**

That's cool. I was so busy with school work and activities that I didn't get to know many folks outside our class.

**What's the best thing(s) to happen to you in the last 30 years?**

Becoming a Mommy! It changes your whole perspective of things. Also, it's been interesting to live in different parts of the country (Michigan, Pennsylvania, North Carolina).

**What's the most significant event to happen to you in the last 10 years (since the 20-year reunion)?**

My husband and I started a business six years ago. It's been great. Scary at first, but we have wonderful employees and clients. For me, work is a lot of fun.

**What's important to you now?**

Family, work, and "keeping the faith." Life's short: make the most of it!

**Where do you see yourself in 10 years?**

Charlotte's our "home base" for business. But if we sell out in the next decade, we would likely move back to Asheville (we lived there for two years) or to Charleston.

**Who are you most looking forward to seeing at this reunion? And why?**

I saw Sophia Weatherby (Williams) at Christmas this year. (Thank you Randy Tanner for sending me her e-mail address!) So, in addition to Sophia, I'm hoping to see Dawnums (Dawn Richards), Dolly Berry, Connie Perdue, Jennifer Donnelly, Dana Coleman, Nancy Davis and Cynthia Spurburg. (These are all maiden names...) And as for the guys.....Cary Ulman and Randy Tanner (who I've been e-mailing quite a bit this past year), David Adams, Stuart Patton, Tommy Southard, Win Jackson, and Steve McGriff. And where the heck is Richard Pitman (my dance partner???)

Finding and marrying Amy who has put with me for 22 years! Having two terrific daughters who recognize that their father is still mentally 14 years old and love me despite of this.

**What's important to you now?**

Staying healthy and happy. Having a healthy and happy family including my 85 year old father. Seeing my daughters grow, mature and hopefully make this a better world.

**Where do you see yourself in 10 years?**

Still working; hopefully having more money by having both daughters off the "payroll"; being a happy "empty nester"! Traveling more for fun.

Great family, good job, good home, good friends.

**What's the most significant event to happen to you in the last 10 years (since the 20-year reunion)?**

Actually, its been slightly more than 10 years, but it was losing both parents within a couple of years of each other. On a happier note, touring Egypt was pretty significant.

**What's important to you now?**

Making sure I bring value to everything I do, and good cheer to everyone I come in contact with.

**Where do you see yourself in 10 years?**

Hopefully, anywhere but Atlanta. Too big!

**Who are you most looking forward to seeing at this reunion?**

Everybody And why? I haven't seen hardly anyone in 30 years.

**If you'd prefer to provide other stuff, that's great; please do so in this space:**

When I was thinking back on high school, I remember this particular funny thing that happened. A bunch of people were skipping an assembly of some sort. It was early spring, I think. When it was time to return, this huge crowd came back by way of behind the gym. We peaked around the corner, and none other than Doyle Oran was at the top of the stairs. So there was this stampede back to the church parking lot. As we were running, a small kid, probably an eighth grader, couldn't keep pace. He was being shoved back and forth as it was every man for himself. Finally he got tripped up and fell. People were stomping him, his glasses got smashed, and his large bag of charm suckers exploded and they flew everywhere. Natually, he got caught. I was laughing so hard, I almost fell myself.

Someone mentioned the driving "escapades" of Randy, et. al. I still remember being in the back of Randy's station wagon driving down Lullwater with the headlights off - and I worry every time my kids get behind the wheel, wondering what they are doing that is totally crazy like that. We were lucky then and I pray the luck continues!

Sure, as long as Scotty Crawford's there!  
**What's the best thing(s) to happen to you in the last 30 years?**  
Without a doubt, it was becoming a Mom. Lauren was a complete surprise (for that matter, so was Katie....planning aren't us) and she turned my world upside down. She changed my whole perspective on life and made me a better person. Katie has continued the job Lauren started.  
**What's the most significant event to happen to you in the last 10 years?**  
My oldest brother died of AIDS 6 years ago. I came away from that summer recognizing that we have a very short time to contribute something with our lives and appreciating more than ever that it's the day to day events of life that matter the most, not something in the future.

**Who are you most looking forward to seeing at this reunion? And why?**  
There are lots of people I look forward to seeing, but I learned at the past reunions that there were people I never knew in high school whom I wished I had known after having the opportunity to become acquainted at the reunion. I'm sure that at this reunion I'll have the same experience.

My closest high school girlfriends-who I never see anymore.  
I look forward to seeing everyone but am so worried that I won't recognize people because I still picture most everyone as young eighteen year olds. ...and of course I worry that no one will remember me at all. It should be fun.

Spouse - Jim. We have been married for nine years. I have three stepchildren and eight grandchildren.

**Hobbies/Special Interests:**

I love traveling, gardening, cooking and doing charity walks and runs in my spare time.

**What's the best thing(s) to happen to you in the last 30 years?**

I am very fortunate to have a job I love for the past 29 years with the same dentist. I met Jim, my husband, 11 years ago and that is probably the single best thing to happen in my life.

**What's the most significant event to happen to you in the last 10 years (since the 20-year reunion)?**

I finally took the plunge to remarry in 1995. Never say never! We have a great life together. Since I never had children of my own, I really enjoy my relationship with Jim's children and love our grandkids so much. They were all born after our marriage so they really think of me as their grandmother. It is cool! The worst most significant thing was my father died two years ago from cancer. Life goes on but time spent with family is very precious to me.

**What's important to you now?**

My marriage, being with family and friends, staying healthy and enjoying life.

**Where do you see yourself in 10 years?**

Retired, living the good life, with Jim.

**Who are you most looking forward to seeing at this reunion? And why?**

**Family Information that you'd like to share:**

My greatest achievement of which I had very little control over is my four precious children and as Tommy Southard can attest to I have proved conclusively that genetics passes straight through from the Mother to the kids!!!! My oldest is Catherine who's at UGA and a Phi Mu, Hartford Jr. is a rising sophomore at the great Wofford College who by the way beat Furman in football this year! Thomas will be a senior at Druid Hills and is a hell of a soccer player and helped Coach Nance's team go deep in the state soccer playoffs this year, Ben is a rising Druid Hills sophomore and loves his baseball and AAU basketball.

**What's the most significant event to happen to you in the last 10 years (since the 20-year reunion)?**

I miss most Mom and Dad who both passed in the last ten years and who lovingly sent six kids through Druid Hills.

**Hobbies/Special Interests:**

I still love the solace of a crisp frosty morning in my tree stand, /goose blind, and warming up to a cracklin fire with my comrades. Pulling some kid up on skis for the first time in my beloved Lake Chatuge. My most special interest would be watching my contributions playing soccer, swimming, playing Violin, acquiring a merit badge.

**Would you like to combine reunions with other DHHS classes such as '73 or '75?** Well sure!

**What's the best thing(s) to happen to you in the last 30 years?**

It seems the standard answer is meeting your spouse, since I met my wife 35 years ago that kinda lets me off the hook. No No on second thought maybe I better go with meeting my wife. Now also there was that nice buck with the 15 inch spread, and that time Russell and I harvested 3 in one afternoon. Or was it when my dad shot his first goose at 82, he is 93 now... no no definitely it was meeting my wife.

**What's the most significant event to happen to you in the last 10 years (since the 20-year reunion)?**

You know everything seemed perfect. Married the love of my life, 2 great kids, lake house, better than the Average Bear. Then a reality check, Christmas a year ago Cynthia was diagnosed with breast cancer. It scared me to death. She was so brave going through the chemo. Then in the midst of the nausea, making such a contribution at CDC. She was the first to identify the Coronavirus in the SARS outbreak. A real life saver she is you know.(See if you can find the September 03 issue of Smithsonian Magazine) Well, I think God decided she could do more good down here so she is doin fine now. A little mean now and then, and she doesn't speak clearly when she's on my left side.

**What's important to you now?**

Passin the physical so I can go to Scout Camp. Can you believe they make you take a physical if you're over 40 !!! What do they think I'm gonna fall out on them or somethin...I'm no Granpa you know!

**Where do you see yourself in 10 years?**

I'll still be to young to be a GrandPa... Well I got a confession to make . I am a Great Uncle, twice. Children havin children you know. And I guess I am losin a little hearing in my left ear (so stay on my right side if you mumble). But those Parkview Girls at the pool probably think I'm about late 20's, maybe mid 30's.

**Who are you most looking forward to seeing at this reunion? And why?**

I suppose If I really wanted to see you I wouldn't wait for the reunion. But traveling at the speed of light trying to get everything in, there is only time you make. So yes it will be good to see you all. I suppose since I have gotten on the Tanner Spam Email list it will be good to see Carey Ulman, Massingil, Not that I regularly participate in that mindless web ring. I'd like to hear John play the banjo. See just how ugly Mullins got.

**If you'd prefer to provide other stuff, that's great; please do so in this space:**

So this is the soap box space. Well, you know how you couldn't trust anyone over 30 when we were 18. The same is true, anybody over 60 may have Alzheimer's. And what about that movie Remember the Titans. How come they left out the scene about Danny Cabinis, or Streakin at Candler, or Rakestraw's VW on the football field. I want to get my nickels back from Harold Reese. Coming from the Medlock working class district we couldn't afford it like the upper middle (N. Superior) and upper upper (by-way) crowds. Think about that, we had some real diversity in our beautiful campus, even had some Hispanics. But we really missed out on having Indians, Phillipinos, Bosnians, Koreans, Chinese, and all these Yankees that came down here . Guess we can make up for it now..... All in All it's a wonderful life... Alfred

Our 3 sons-Joshua (21), Ryan (19), and Benjamin (17) - have brought us more joy and happiness than we could have ever wished. Since Josh and Ryan go to UGA, we're seeing a version of college life that didn't exist 30 years ago at Georgia State!

**Hobbies/Special Interests:**

Playing tennis and being a huge sports fan of whatever sport my guys are playing

**Regarding future reunions, would you like to combine reunions with other DHHS classes such as '73 or '75?**

I wouldn't be against it, but I'm still trying to get to know everyone better from our own class.

**What's the best thing(s) to happen to you in the last 30 years?**

Without a doubt, marrying and having my boys.

**What's the most significant event to happen to you in the last 10 years (since the 20-year reunion)?**

Probably my van turning 200,000 miles last month! Actually, I think watching two of my sons enter college jarred me into the reality that they are indeed striving to be adults, while I am struggling to keep them under my wing.

**What's important to you now?**

Family and good health will always be important to me. Now that we are edging closer to empty-nesters, being together is even more meaningful to me.

**Where do you see yourself in 10 years?**

Hopefully alive and well and in my new dream home that I haven't found yet! I have a feeling that in 10 years the words "Grandma and Grandpa" will be taking on a whole new meaning.

**Who are you most looking forward to seeing at this reunion? And why?**

I'm looking forward to seeing everyone that has taken the time to come and to personally thank those who have helped put our 30th reunion together.

I really don't know how to choose. Great kid's, husband and beautiful new home? Maybe it's just coming to terms with the fact that I,m never going to be 5'8" and 110 lbs! I've got my mother's knees now and that's O.K. because she's 76 yrs old and still gardening like crazy! I still have both my Mom and Dad and that's a true blessing.

**What's the most significant event to happen to you in the last 10 years (since the 20-year reunion)?**

My husband Tommy semi-retired and is home 24-7. He started an Ebay business and has other people running it for him. Because of that,he is now at home and I leave 4 days a week to work. It seems kind of weird but natural at the same time.

**To jog your memory, we've thrown these random thoughts around during our meetings that provoked some good laughs. Consider...**

**Doyle Oran?**

Unfortunately I knew him much to well. I always wondered if he caught those people skipping I saw him running after out of my classroom window. He was such a character you loved to hate.

**Stunt Night?**

Dolly, I never did learn how to tap dance! But I have done some singing at church. They love you no matter what!

**Senior Play?**

I am the furthest thing from being the town gossip you have ever seen. The main thing I remember was Mr. Morgan throwing a chair on the stage because we were not behaving. Imagine that!

**High School Romances?**

Only in my mind!

Eat there after football practice three to four time a week.

**Doyle Oran?**

Was he the assistance Principal?

Yes. There are folks from each class I'd like to see.

**What's the best thing(s) to happen to you in the last 30 years?**

The #1 best thing would be meeting & marrying my best friend, Paul. Second would probably be finding my birth family in 1996. My birth mother died when she was 21, but the rest of the family was very welcoming. We still keep in touch and visit. The third best thing would be our trip to Australia in 2002.

**What's the most significant event to happen to you in the last 10 years (since the 20-year reunion)?**

1st would be finding my birth family. Second would be our 6-week trip to Australia / Cook Islands in 2002.

Paul, our four-legged furry kids, our church life and my business.

**Where do you see yourself in 10 years?**

Retired and living here in Idaho, coastal Maine, or Tasmania (Tasmania, if we win the lottery!)

**Who are you most looking forward to seeing at this reunion?**

I originally didn't think I'd come to this reunion. But after working on the reunion website, I've come to realize that we all have our "issues" with our past and that most of us have grown past them. I'm now very much looking forward to seeing all of the members of the class of '74. I'd also love to see Wayne Markman. He's my "brother." We were both born on April 12, 1956 in North Carolina and both adopted. I'd also like to see Michael Rice. He was always a good friend.

**What's the best thing(s) to happen to you in the last 30 years?**

The best things to have happened to me in the past 30 years, are my marriage, and the births of my daughters.

**What's the most significant event to happen to you in the last 10 years (since the 20-year reunion)?**

My most significant event happened just prior to the 20-year reunion. My dad died in December, 1993. Although his death was so very sad for me and my family, I consider myself lucky to have had him as a father, and that my husband and girls were so close to him. I also learned a great lesson in inner strength, from my mom. She has become such an inspiration to me.

**What's important to you now?**

Being with my family and friends.

**Where do you see yourself in 10 years?**

In 10 years, I see myself nearing retirement, and possibly living in Newton County, on some acreage if my husband has anything to do with it! I also see us as being grandparents!

**Who are you most looking forward to seeing at this reunion? And why?**

I don't know if I'll be at the actual reunion, but am hopeful to make it to Manuel's. Seeing anyone and everyone will be great.

Married 23 years to a wonderful man, Lynn Leuszler; have one son, 18, David Leuszler, who just finished his freshman year at Georgia Tech.

**Hobbies/Special Interests:**

Gardening, Politics. Have been active in the Atlanta Friends Meeting (Quakers) for the last 23 years – we started attending when we were engaged – and you can sometimes see our family at peace demonstrations. I have actively supported the work of the American Civil Liberties Union of Georgia for the past 20 years, serving on the Board of Directors for over a decade and handling a number of ACLU cases.

**What's the best thing(s) to happen to you in the last 30 years?**

It is such a cliché to say that the best things to happen to me have been meeting my husband and parenting our son, but it is true. Their love and support and the joy they bring to my life makes so many other things possible.

My work has also been very important to me. I am proud of the fact that my legal work has focused on efforts to correct injustices. I have primarily worked as a civil rights lawyer, bringing cases on behalf of those whose civil rights were violated. These have included a recent broad-scale successful effort to make MARTA vehicles more accessible to persons with disabilities; a first amendment challenge to a restrictive parade and demonstrations ordinance (the litigation enabled a Gainesville coalition of wonderful organizations to continue their 20 year tradition of King Day pilgrimages and other actions); a case that required a local courthouse to make itself accessible to persons who could not climb stairs instead of simply turning them away; cases involving the posting of the Ten Commandments in public buildings; a challenge to one community's practice of teaching Bible verses and stories in the primary grades of its public schools; a jail conditions case; and lots and lots of individual employment discrimination and sexual harassment cases.

**What's the most significant event to happen to you in the last 10 years (since the 20-year reunion)?**

Probably the fact that my husband survived a near death experience. Actually, this is the second time he has done this, both involving major heart surgery. The other time, 13 years ago, his heart actually stopped about a week after surgery but he was resuscitated (thankfully!). He deserved a good "tunnel of light" story but does not have one. This last time he almost bled to death during 14 hours of surgery then had big-time complications during recovery. He recovered fairly quickly, is doing well now, and is incredibly strong, an incredible source of strength for me. In a way, these years have been "found time", when we got to keep him even after he was almost taken away from us. On the other hand, I am greedy; I want to have AT LEAST another 23 years with him.

**What's important to you now?**

I am very concerned about the direction of our country and the world we are leaving our children.

**Where do you see yourself in 10 years?**

One of my goals is to avoid becoming peevish. [I hope it is not too late .....]

**Who are you most looking forward to seeing at this reunion? And why?**

I am looking forward to seeing and listening to anyone who does not tell "lawyer" jokes. Sorry, but I work too hard for things I care about to think these jokes are funny, and yes, I have probably heard the clever new one you think I wouldn't have heard yet. I would love to hear others recollections of some of the same things I recall, as I have increasingly found that the same event can seem completely different when viewed through another person's prism of experiences.

**If you'd prefer to provide other stuff, that's great; please do so in this space:**

I'd love to compare thoughts with people on what lessons and practical tips they think are the most important to pass on to their kids as they embark upon young adulthood. For instance, it has been strange watching myself, my spouse, and our friends advising our assorted kids on what college to choose: some people are directly bossy, some take a total hands-off "it's his decision and his responsibility" attitude, and some (like me) try to kid ourselves that we are not telling them what to do even though it is clear we are doing so indirectly.

I have been married to Don for almost 18 years (He was actually my date to the 10th reunion), and I have two wonderful kids, Mandy (33) and Donny (25). No I did not have them in HS... "technically" I am the Step Mom (definitely not wicked though!!) No grandkids yet, but two grand-dogs. Bailey (very smart and loves to give High 5's) and Marley, 6 month old black lab baby. We also have 2 cats and a very old, but spunky, Peke dog (Misha).

**Hobbies/Special Interests:**

Diggin' in the dirt and playing with flowers (either growing or arranging), quilting, hooking (rugs that is!), and creating dolls and angels. Top that off with volunteering with kids (Rainbows) and church, and it does not leave much time to just be idle.

**Regarding future reunions, would you like to combine reunions with other DHHS classes such as '73 or '75?**

Sure, the more the merrier. What's the best thing(s) to happen to you in the last 30 years? Meeting Don and sharing my life with him and the kids. He is my absolute best friend and you can always count on him for a laugh!

Even after 18 years, he still surprises me.

**What's the most significant event to happen to you in the last 10 years (since the 20-year reunion)?**

Almost dying from a misdiagnosed and eventually ruptured appendix....It taught me to stop sweating the small stuff and focus on family and friends. Life is soooooo fragile, and working non stop doesn't matter in the end. What matters most? A clean desk? Or a friend's smile, and a Hug from someone you love?? No contest in my mind!

**What's important to you now?**

Obviously...Family and friends.

**Where do you see yourself in 10 years?**

Retired with Don, living on water...Lake, river, or beach...not choosey...enjoying sunsets and hopefully spoiling lots of grandkids!

**Who are you most looking forward to seeing at this reunion? And why?**

Everyone....I have only kept up with Cindy Caldwell, so it will be a blast catching up with the rest!

**If you'd prefer to provide other stuff, that's great; please do so in this space:**

My best memory is of Oran getting his due from none other than my Mother....Do you remember that LONGGGGG list of what rules (or commandments) we got the first week of our senior year? It made this kid jump from goody two shoes to Queen of skipping (lunch period that is). Who was he to tell us that campus was as "far as the eye could see", but you were off campus if you crossed the street. Dahhhhh I could SEE the other side of the street! Anyway, that fateful day a car full of us decided McDonalds was more tempting than the slop in the lunch room. Being the unexperienced crew that we were....we got caught on the way back in. Oran was an expert at hiding under rocks! Of course our parents were called in after school. I thought my strict Cuban mother was going to kill me and ground me for life. As soon as Oran explained why I was in the wrong, and now branded a terrible kid...My Mother proceeded to rip him a new one! How dare he keep kids from eating a decent meal? She would not feed our dogs the crap they served in the lunchroom. And why was he wasting his time with me, when she could smell the pot coming from the boys bathroom. Oran was speechless (one of those rare times), and I was freed without detention. When we got back to the car, I thought the othershoe would drop, but all she said was...."Don't get caught again!". What can I say? She was my hero and I will never forget the look on Oran's face that afternoon. It kept me motivated, and I enjoyed a year long of McDonald and Zesto lunches!!!!!!

There were many other "good" memories, but they pale in comparison to that day!

**Regarding future reunions, would you like to combine reunions with other DHHS classes such as '73 or '75?**

I ain't scared. 75 might be fun.....but then again, so might 73.

**What's the best thing(s) to happen to you in the last 30 years?**

#1: Survived my wild youth and lived to tell about it. #1 also: Got married and had a family.

**What's the most significant event to happen to you in the last 10 years (since the 20-year reunion)?**

Lost my mother.

**What's important to you now?**

Family and friends and some time for myself.

**Where do you see yourself in 10 years?**

At another reunion and still Bowling for Big Brothers, Big Sisters.

**Who are you most looking forward to seeing at this reunion?**

Looking forward to seeing everyone but if I had to name just one.....that might be my old-comrad-in-harm, The Bird.

**Other memories:**

Riding pine trees at Chandler, until one of the tops broke off. Streaking.

**Float meetings?**

Don't remember many of those, of course, don't remember much during that time. What were we talking about?

**Mr ORAN?**

The love of my life. Man, we were "tight". Couldn't keep him off my ass. I was faster than him, just ask him, but he could run in that 3-piece suit of his. The man had a nose.

**North building? Cherry bombs? Bottom floor bathroom?**

Yeah, that rings a bell.

**Catwalk:**

Never saw the first cat out there. Saw some near the dumpsters of the cafeteria.

**Senior Class Trip:**

Yeah, I remember that. I LOVE jumping off TALL stuff and the boats were tall. Some did fine, others did not follow my instructions and got hurt. Had to pull her out of the water. I brought back a coconut for my mom as a souvenir. Boy, was she impressed. Had my 15-minutes of fame with the Drum Corp. Man, did we kick some ass or what? Halftime show of the basketball game.....pep rally before the SW Dekalb game. Earl, Wayne, David, Richard, myself and others.....yep, we done good.

I have been married to Mary Kay Delaney for nearly 16 years. Mary Kay is principal of Immaculata Catholic School in Durham, after having been a professor of education at Meredith College in Raleigh for several years. We have three boys, Paul (14) and twins Michael and David (12).

**Hobbies/Special Interests:**

I continue to be involved in sports, but now mostly coaching and cheering at my boys' basketball and baseball games.

**What's the best thing(s) to happen to you in the last 30 years?**

The best thing by far is my family. I am so fortunate to be married to Mary Kay and to have three wonderful sons. There have been many other great things as well in 30 years: my time at Harvard as undergraduate (1974-78) and graduate student (1982-88), my year playing professional basketball in Europe (All England, 1978-9!), the great honor of being the commencement speaker at Druid Hills in 1981 (while I was editor at the CloseUp Foundation, also a great job), a year and a half working for Bill Bradley in the US Senate in 1993-94, and 15 years at Duke where I have had the opportunity to teach so many wonderful students and meet so many interesting people.

**What's the most significant event to happen to you in the last 10 years (since the 20-year reunion)?**

Getting tenure at Duke.

**What's important to you now?**

Time with my family, teaching my students, building the public policy program at Duke, and trying to have some small impact on US politics and policies.

**Where do you see yourself in 10 years?**

I expect I will still be at Duke (they can't get rid of me now), looking up at my grown boys when they come home to visit (they will not be living at home), writing more and administering less, and, perhaps, playing some role in making American foreign policy.

**Who are you most looking forward to seeing at this reunion? And why?**

There are so many people I look forward to seeing--those of you I've kept in touch with (poorly, I admit) and those of you I haven't seen in 30 years--that I can't single out anyone. If I could see one person who won't be with us, however, who I have missed for 30 years and still think of often, who perhaps more than any of us embodied what was great about our time at Druid Hills, it would be Costa

**Hobbies/Special Interests:**

Golf, drinking, golf, drinking, fishing at Lake Burton, playing poker, golf, drinking, spending what seems like all the rest of the time at some soccer field either coaching or watching girl's soccer, picking the guitar and emptying the fruit jar, seeking the perfect rub and sauce for the BBQ (which obviously involves more drinking), working on the old money pit we call home, and home-grown tomatoes.

**Regarding future reunions, would you like to combine reunions with other DHHS classes such as '73 or '75?**

Whatever.

**What's the best thing(s) to happen to you in the last 30 years?**

Like a lot of other folks have responded, getting married and having children (although now I know why fish eat their young), but also not growing old. The kids have kept me young, at least at heart, if not in body. Many things have been significant, from a father and a step-father dying, to getting out of college and law school and having to make one's way in the world. Every day can be significant.

**What's the most significant event to happen to you in the last 10 years (since the 20-year reunion)?**

Besides the birth of a third daughter, and spending a couple of years at home with her as a house-husband, seeing my second daughter, who was medically challenged at birth, become an incredible soccer player, both at the club level and at middle school, where she was called up to play for Decatur High as an 8th grader in middle school.

**What's important to you now?**

Family, work, friendships, what's gong in here in the City of Decatur, staying healthy, keeping folks out of jail, and in general, securing individual liberties.

**Where do you see yourself in 10 years?**

Hopefully working less and playing golf more, spending more time at the lake or the beach, and getting the kids out of the house and on thier own.

**Who are you most looking forward to seeing at this reunion? And why?**

Not sure I will make it to the soiree on Saturday, but will be at Manuel's on Friday night, and would love to see Joanne and Cecy, Birdman and Dianne McNutt. Hopefully someone has invited Mrs. Eyles, John Hampton and Robert Morgan. Where would we be without them? There are many people I would like to see from our class, and some I see every now and then around town, but I guess it just depends on who shows up.

**If you'd prefer to provide other stuff, that's great; please do so in this space:**

Candler? Do you guys know what really happened over at Candler? During the school day? At night? Everybody's? We drank there during the day and at Moe's and Joe's at night! Ask Keith Honeycutt about sweating out the beer from lunch at basketball practice in the afternoon. Skipping Roy Daniel's class to go eat breakfast as Evan's. Running puke drills for Coach Perry. Driving to golf matches at Mystery Valley with the Birdman (yeah, we were ready to play), ditto with the baseball games at whatever school we were playing. Getting busted by Doyle. That was special. Mr. Glover being clueless the whole time. Sam's pool. Senior play, a total blast. Lots of fun, learned a little about life. One last shot, since we get to put what we want, to use the commercial: Law School degree: \$35,000.00, New suit: \$450.00, Haircut and shoeshine,: \$45.00, Hearing the words Not Guilty: Priceless!

I met Joe.

**What's the most significant event to happen to you in the last 10 years (since the 20-year reunion)?**

Returning to my roots in Atlanta.

**What's important to you now?**

My family, my friends and the support I receive from both.

**Where do you see yourself in 10 years?**

Barefoot on the beach with a drink in my hand, yellin' at Joe to get out of the water and start makin' dinner.

**Who are you most looking forward to seeing at this reunion? And why?**

I hate this question. I want to see everybody! Cause I miss them.

**Regarding future reunions, would you like to combine reunions with other DHHS classes such as '73 or '75?**

Not particularly as I do not really remember anyone from those classes.

**What's the best thing(s) to happen to you in the last 30 years?**

Meeting Tony and moving to NYC.

**What's the most significant event to happen to you in the last 10 years (since the 20-year reunion)?**

Started my company, Bookdirect, Inc.

**What's important to you now?**

Family.

**Where do you see yourself in 10 years?**

Less stressed and having more leisure time.

**Who are you most looking forward to seeing at this reunion? And why?**

I'm looking forward to seeing a lot of people. I attended the very first reunion. A lot of time has passed since then and a lot of people I have not seen since then. Oh yes, and I guess I should add a special note about seeing Jeff Asher to personally give him a nudge. Oh, I mean a hug! Also, looking forward to seeing the Medlock group.

I'm in my second marriage, to a swell guy named Rasanath (again, deal with it), and I'm going to stay married if it kills me. We've been married 12 years. No kids, unfortunately, but right now I have a very cute Beagle named Kalindi who barks all the time.

**Hobbies/Special Interests:**

I'd say my main interests still revolve around music. I sing in a band, but we're all old and busy, so we don't perform nearly as often as we'd like to. But I'm really good and someday I'll win a Grammy. I'm sure of it. I am working on a solo CD, and it should be done by 2010 or so. The wheels of fame grind slowly.

**Regarding future reunions, would you like to combine reunions with other DHHS classes such as '73 or '75?**

Sure, sounds like fun. Both classes.

**What's the best thing(s) to happen to you in the last 30 years?**

Becoming a Hare Krishna. Becoming a vegetarian. Meeting my good husband. Realizing how lucky I am to have such a great family. I do love my sisters and my parents!

**What's the most significant event to happen to you in the last 10 years (since the 20-year reunion)?**

Um, gee, sorry. My life is kind of boring. Joining PETA? Oh! We bought our first home, and our agent was none other than Nancy Bent, who serendipitously works with my brother-in-law, Bill Adams (Carol's husband). So, yeah, that was very cool. It's good to be able to trust your agent.

**What's important to you now?**

Animal rights, God consciousness, giving back to my parents all they've given to me (as if), and trying to change into a loving and giving and tolerant person before I die and go to hell.

**Where do you see yourself in 10 years?**

Well, like I said, I'll be famous by then, so I definitely won't be living in East Atlanta anymore. Maybe a big house on Lullwater, where I can sit on the porch on a nice summer evening and watch high school kids drive through my yard with the headlights off. HOW did we live through stuff like that? Seriously.

**Who are you most looking forward to seeing at this reunion? And why?**

Everybody. I have to agree with Mark Smith in that the longer I'm here and the more people I get to know, the more I realize how really incredibly fortunate we were to have such an idyllic situation at DHHS. Great people, great teachers, so much fun. And the experience of reconnecting with some of you (or sometimes connecting for the first time, really) has been amazing. We're a pretty forgiving bunch, too. Thank goodness. Nothing like a little perspective to give you a little perspective. If you'd prefer to provide other stuff, that's great; please do so in this space: I can't believe how boring Randy Tanner's entry in this thing is. You'd think he didn't have a funny bone in his body. And he does. He's pretty funny. For a republican.

**Regarding future reunions, would you like to combine reunions with other DHHS classes such as '73 or '75?**

Both and at the High School.

**What's the best thing(s) to happen to you in the last 30 years?**

Faith and family.

**What's the most significant event to happen to you in the last 10 years (since the 20-year reunion)?**

Met my oldest daughter in Paris in Summer 2002 and had a blast.

**What's important to you now?**

Druid Hills gave me a civic sense of responsibility-especially Mr. Morgan's government class. I have referred to his class so many times when explaining how important knowing about our govt. is and we have a say so-your vote counts. Being involved in my community and knowing people around me and helping out. That's what's important to me now.

**Where do you see yourself in 10 years?**

Traveling and doing mission type work. We have inherited a farm and will be planting perennials soon.

**Who are you most looking forward to seeing at this reunion? And why?**

Of course my chums who I've kept up with but everyone who comes. We had such a special class. I always felt like we jelled together well and worked for the common good of each other.

I have been married to Keith Huie, from Kannapolis, NC for -ohmygosh - 9 years. I have a 13 year old daughter, Cori, from a previous bad decision and an 8 year old daughter, Robin, who is truly that "late in life" blessing!

**Hobbies/Special Interests:**

I write, organize festivals, and I absolutely love to cook! The more the merrier!

Regarding future reunions, would you like to combine reunions with other DHHS classes such as '73 or '75? Perfect! I always loved those guys!

**What's the best thing(s) to happen to you in the last 30 years?**

Like everybody else, it absolutely has to be my kids and my beloved! But on a more thankful note, I am so thankful that I outgrew my disco diva stage and can now enjoy some rock and roll and a little jazz.

**What's the most significant event to happen to you in the last 10 years (since the 20-year reunion)?**

In the last 10 years, not realizing how little I know (although my kids tell me all the time), I started a pre-press production company and then my little publishing empire out here in Grayson. It has helped me understand the meaning of community and allowed me to work with friends and family. My children spend many afternoons here rolling papers with me, going to festivals and modeling for Kodak Moments and my dad helps me deliver the paper. Its all a good thing, even if it never makes any money!

What's important to you now? Definitely my family, but we have made some really good friends out here in the 'burbs.

**Where do you see yourself in 10 years?**

I hope to have my kids toting me around and helping me get my walker out of the mini-van (wouldn't that be humiliating?) Actually, although Keith

wants to retire to Montana when we win the lottery, I'm hoping to go somewhere a bit warmer!

**Who are you most looking forward to seeing at this reunion? And why?**

I can't wait to see everybody! I especially want to spend some time with Braino Boy McGriff, Linda Sue (who only runs into me when she's 98 pounds and gorgeous and I'm 170, bloated and 8 months pregnant), and all of the gang from Desmond Drive! I can't wait to see Jennifer Bugg - although I do run into her sometimes at strange restaurants! She is the one who introduced me to the power of the ouija board at her slumber parties ... Elvis still haunts me!

**If you'd prefer to provide other stuff, that's great; please do so in this space:**

O.K., some things that still make me wonder why we didn't end up in jail (from Miss Goddy Two-Shoes) or warped forever - I remember Senior Play rehearsal when we sneaked off to explore a haunted house in Decatur. How stupid were us girls when all the guys just had other plans? Anyway, we got there and of course, the guys were hiding in the dark to scare us and we all screamed, bringing out the man with the big ax - or was it a steak knife?

I remember riding around in Randy's big station wagon and everybody had to put their arms out the window and "stroke, stroke". I taught that one to the girls - we always do it coming down our neighborhood street! Thanks for that one! How stupid were we to try not to giggle while we were putting up banners for the football players in the middle of the night in Scottsdale Mills? Did their parents ever know we were coming? Another thing that helped mold me into the woman I am - dance lessons at Mr. Morgan's House. Can you imagine a teacher today opening up their homes to a bunch of teenagers

"Ditto," because I have read some of the other memory answers and I will add my "ditto" to all of the above. Let's all count our blessings and take pleasure from the simple things (like snow melting in April and no crowds in Vermont)and the fact that we are here at all! I saw the following and will pass it along: "life is not a journey to the grave with the intention of arriving safely in a pretty and well preserved body, but rather to skid in broadside, thoroughly used up, totally worn out, and loudly proclaiming WOW-What a ride! And hopefully, we all found some love along the way."

See ya'll in June!

One trip in particular was the four of us before Halston left for college, in Las Vegas seeing "O" and Cher.

**What's the most significant event to happen to you in the last 10 years (since the 20-year reunion)?**

Learning the importance of a work life balance. After 10 years of totally giving myself to Kraft, my entire department was outsourced. Now I refuse to work every night and weekend.

**What's important to you now?**

Doing my best professionally without as much drive to claw my way up. Spend more time with family. Laughing and Living.

**Where do you see yourself in 10 years?**

Retired sitting somewhere on the NC or Southern shore.

**Who are you most looking forward to seeing at this reunion? And why?**

Probably the old cheerleading group. We were a very diverse group when you look back now. Of coarse Linda, but we see each other occasionally on Delta flights or layovers. I am looking forward to seeing Tommy & Candy, I hear about them through our parents, which are back door neighbors. Then there is my extended family, Debbie & Roy. Our dads are relatives and Roy does my brother, David's family's teeth. And the old Medlock group, which used to gather on Diane McNutt's yard to catch the bus. I had my first visit with Mr Oran after Massengill & I threw acorns at passing cars. Rosie and Johnny where did you go? Which Hilton Head trip do we want to talk about McGriff, Lisa A. and Linda? Stunt night and the Senior play always brings back a smile. I always remember when I had Alice & Claire on either arm as we had to step out in the dark and sit on the edge of the stage before the curtains opened. Margaret when do you want to go sit by the pool of our English teachers apartment? And yes I am looking forward to a spin on the floor with Laverne, it will be a scream! Cindy do you remember the yellow dress for Jr. Sr.? and what about the hair? The list goes on, but I can't forget the fun with Lisa P. and Joanne.

Everyone. I think that as time goes by you realize that people are really the only thing that matters in life so I would like to hear how everyone is doing.

**If you'd prefer to provide other stuff, that's great; please do so in this space:**

I will start off by asking for your patience for my inner soul search. It's funny how you view things in different stages of your life. When I started Druid Hills in the 9th grade, I thought most of the people there were rich, pampered teenagers who looked down their noses at people like me. I came from a poor family and probably had an inferiority complex. It didn't help that I was extremely shy. I felt like a definite outsider. I have no idea what most people thought of me but after working with the people on our 30-year reunion committee I realize how wrong I was about the DHHS class. Everyone on the committee seems to be a warm and caring individual and I am very sorry that I did not realize this in high school. I am still a little shy sometimes but I plan to make an effort to speak to everyone at the reunion this year in hopes of righting my wrong of 30 years!

Odette, Alexander and Martin.

**What's the most significant event to happen to you in the last 10 years (since the 20-year reunion)?**

However, there are many people that I haven't seen in 10 or 20 years so I'm looking forward to catching up with them.

**Hobbies/Special Interests:**

Over the past three years, I have been "slowly" updating/somewhat renovating a house that we purchased along the Chattahoochee River. It is a Contemporary Classic designed by an architect and is about 25 years old. "Recapturing the yard is how I put it" has become my second career...so I am learning alot about native Georgia plants, etc. As a family, we are enjoying our new neighborhood. We have a socially active group of neighbors who have formed a "cocktail club" and committed neighborhood association. I am active in professional organizations IFMA and IIDA. As a couple, Jan and I are also big volunteers for the Galloway School.

**Regarding future reunions, would you like to combine reunions with other DHHS classes such as '73 or '75?**

I don't have a special preference. It will be super to see our group together for this Summer's Reunion. Sadly, I don't bump into the old friends from DHHS even though I am still in Atlanta.

**What's the best thing(s) to happen to you in the last 30 years?**

I am lucky to be married to a great lady, Jan. My dear daughter is a beautiful young lady who keeps us happy and unbelievably busy. Career-wise I have been lucky, as well. I have won a number of ASID awards for projects that my design teams have completed: A private condominium in the Park Place Tower (Buckhead), Equifax's World Headquarters (Atl), BellSouth Midtown Center--Atlanta, and Whirlpool's Inspire Studio (Buckhead).

**Who are you most looking forward to seeing at this reunion? And why?**

It will be so good to see each and everyone of my old DHHS classmates.

30 Years that's 10,957 days since we graduated from Druid Hills, so I did learn something there. Quite a collection of peoples I gotten to know and experience in the seven years I attended. From being a frighten little sub- freshmen to a senior a lot transpose. Hippies, integration, drugs, straight laced peppy students, 60 Minutes, Doyle, OD's, parties, sex, sports, used to love those pep rallies and the Victory cheer. The vast amount of good teachers who cared about you, Bobby Ray, secret love notes, Bucky's parents' weekly opera night, Candler("a Bolt of Lighting"), Football Team 9-1 a great bunch of heart and leadership. Tennis courts fights, the demise of the Rat Patrol, ringing bells, friendships, youth, innocence. Druid Hills had such diversity and charm, Thanks for the memories old friend.

Married to Bert for 25 years. Two children: Herb is 22 years old and graduated from Auburn University. Heather is 18 years old and graduated from Woodward Academy. She will be attending Vanderbilt in the fall. Also, we have one small 4lb spoiled rotten Yorkie-Mandy.

**Hobbies/Special Interests:**

Of course I love all sports. We have become huge Ga Tech basketball and football fans. I love cross stitch and crafts of any kind.

**Regarding future reunions, would you like to combine reunions with other DHHS classes such as '73 or '75?**

Sure

**What's the best thing(s) to happen to you in the last 30 years?**

There are many. I have a great family and life. Very successful marriage and wonderful children that I am very proud of. Terry Peek Cagle and I were in the first group of women to ever receive athletic scholarships from UGA. We played volleyball.

**What's the most significant event to happen to you in the last 10 years (since the 20-year reunion)?**

I would have to say, my job and becoming a management level employee at Delta Airlines and then resigning to stay at home with my teenage children. Not one day have I regretted my decision to stay at home.

**What's important to you now?**

Health, welfare and happiness for all my family and friends. It's important to appreciate every day and what life has in store for you. Being close to friends and family are important. My marriage.

**Where do you see yourself in 10 years?**

Spending quality time with Bert, Herb, and Heather (and hopefully their spouses and our grandchildren, I am jumping ahead a little). Still living in Marietta but enjoying time at the beach.

**Who are you most looking forward to seeing at this reunion?**

I want to see everyone. I have really enjoyed the time spent planning our reunion. I have learned so many things that happened during our high school years that I was unaware of. The stories and tales!!!!!!

**To jog your memory, we've thrown these random thoughts around during our meetings that provoked some good laughs. Consider...  
Everybody's?**

Going to everybody's after ball games and getting served beer without any trouble. Great Hangout. Good pizza too

**McDonalds?**

Cruising every weekend

**Chandler?**

Late night gatherings and playing Frisbee during the weekend day when I was supposed to be studying

**Float meetings?**

Late night runs to Plaza Drugs to get more tissue paper to stick through the chicken wire. Trying to spy on other classes to see their floats. Sandwiches made by Mrs. Adams. All nighters (late nighter) to finish. Praying that the float would make it to school and Adam's Stadium. And that it wouldn't rain

**Senior Play?**

Wonderfully talented classmates

**Senior Class Trip?**

Absolutely miserable not sure there was one good thing except Terry Peek and I renting the moped in Nassau. What a hoot! We crashed.

**Sports/Clubs/Activities?**

Too many to list. I loved the bond that grew between the girls and boys athletes. It was like a rivalry between friends. Steve Richardson, Steve Perry and I bet every game to see who would score the most. The great support the girls basketball team got from the class of 74 when girl jocks were not "cool". I had my own fan club! Who could forget Coach Sylvia Lang! Police escort out of Gordon High when the girls and boys beat Gordon by alot. Long bus rides to away games such as Athens and Cairo. And the longer ride back from Cairo when we were blown out of the state tournament by the Syrupmakers. Homecoming parades were so much fun. Door to door sales of Krispy Kreme doughnuts(I think or was it fruitcakes?) for Civitan. Being on the SAGA staff for two years. Walking to school on Earth Day, how stupid was that! Miss DHHS

**Memorable classes & teachers?**

Mr. Morgan and Mr. Hampton. Both wonderful men and teachers.

**Hobbies/Special Interests:**

My hobbies include gardening, cooking, reading, knitting, horseback riding and trout fishing.

**Regarding future reunions, would you like to combine reunions with other DHHS classes such as '73 or '75?**

I think it would be a good idea as so many of us had good friends in the classes to each side of us.

**What's the best thing(s) to happen to you in the last 30 years?**

I would say my whole life has been great. I have thoroughly enjoyed raising my children and spending time with them and Travis.

**What's the most significant event to happen to you in the last 10 years (since the 20-year reunion)?**

Spending a week on a medical mission boat on the Amazon River in Brazil. We built a church and helped provide medical and dental treatment to people in villages along the way. It was an incredible experience, which I plan to repeat this fall.

**What's important to you now?**

Now that our children are no longer at home I try to volunteer my time in giving back to the community as much as possible. Travis and I both work with the youth of our church. I also give time to the Atlanta Botanical Garden and to a hippotherapy program. This program provides physical therapy to children while they are on a horse. My association with this program has also given me the opportunity to get back into taking riding lessons myself. I usually spend some time each week exercising the school horses.

**Where do you see yourself in 10 years?**

I see myself doing many of the same things that I do now as well as traveling more to different parts of the world. That is about the time also that we may begin to contemplate a move to the coast of South Carolina where we would like to live when Travis retires.

Corny, but my husband and kids.

**What's the most significant event to happen to you in the last 10 years (since the 20-year reunion)?**

**Where do you see yourself in 10 years?**

**What's the most significant event to happen to you in the last 10 years (since the 20-year reunion)?**

The realization of the true meaning of a long term friendship when Randy Tanner, Tommy Southard and Mike Cutting all came to Raleigh when my leg was amputated. It was the best medicine.

Married for 9 years to my best friend (since I was 13) Donna Turner (also an alum of the Class of '74). We have the most beautiful brown-eyed 7 year old daughter, Megan and a tow-headed, blue eyed 5 year old boy, Brandon. I also have a stepson by Donna's first marriage, Michael, who just turned 23 (Getting him to 23 has caused the few gray currently residing atop my head). We also have a blind, vicious Min-Pin named Swift (nicknamed Pooter, for obvious reasons).

**Hobbies/Special Interests:**

Playing in the dirt, sometimes I even plant things; tinkering on an old car or two and making sawdust out of perfectly good wood. Recently we've become rather involved in the PTA at Medlock Elementary School.

**Regarding future reunions, would you like to combine reunions with other DHHS classes such as '73 or '75?**

That sounds like a great idea since my middle brother Kendall was in the Class of '75.

**What's the best thing(s) to happen to you in the last 30 years?**

Definitely my marriage to my life-long best friend and finally feeling like I could handle fatherhood, although I'm still working on this aspect.

**What's the most significant event to happen to you in the last 10 years (since the 20-year reunion)?**

Becoming a Dad.

**What's important to you now?**

My family, my health and spending time seeing the world through the eyes of two very curious children.

**Where do you see yourself in 10 years?**

WORKING!! Hello! Did you not read up above? 7- & 5- years old. Some of my fellow classmates have grandchildren about my children's ages.

**Who are you most looking forward to seeing at this reunion? And why?**

In a word, EVERYBODY. In reading some of the other write-ups, I realize that even as diverse as the groups of friends were in our class I have to say that today we all sound alot alike in our life experiences and our dreams of the near and distant future.

**If you'd prefer to provide other stuff, that's great; please do so in this space:**

OK, I've got a bit of my dad in me, so I'll try to keep this down to a few thousand words. When I entered DHHS in the fall of '69 I honestly had no idea of what the next 5 years would mean to me. I was never big into sports, although I went out for football and had my clock cleaned at practice by the likes of Walt Yancey and Mike Sasser on more than one occasion. And I'll never forget the feeling of stepping up and nailing a Tucker running back on a brief charge to an attempted touchdown. Just did like Coach Rakestraw said and put my helmet right between his numbers. I was proud to be a member of the Red Devils football team that went 9 and 1, even if I was a second string player (there wasn't a third string, was there?). Later I even tried my hand at volleyball, even though at 5' 9" I didn't even come up to Steve Richardson's shoulder. I even played a little college level volleyball thanks to the encouragement from Steve. Glad to see he is still actively encouraging kids in sports today. But now looking back, I really wish that I had made more of an effort to get to know each of my classmates better. When I graduated I knew probably 90% of the students at Druid Hills by name, but yet I didn't really know anyone well enough to maintain a lifelong friendship with. You know what they say about hindsight. Fortunately, Donna and I had situations in our lives where doors closed and others opened. It was the highlight of my life when I sat down with her in a field in Inman Park and asked my best friend to become my wife. Go figure, she said "Yes". I really didn't think I possessed enough of the qualities to be a good husband and now a good "Daddy." I learned that I was wrong and I learn more everyday from my children. I'm envious of those of you who had children earlier than I did. Fatherhood is a real cool kick in the pants. This July I celebrate 25 years at BellSouth and even with the friendships I've made at work, I feel more of a camaraderie with the Class of '74. YOU PEOPLE ROCK!! Well, I guess I have rambled enough. Just want to ask one thing of my classmates - Why do we have to wait for milestone anniversaries to get together? Maybe make this a semi-annual event? Just a thought. May your God watch over each of you and keep your families safe.

I wish I had the memory of Nancy Bent! Then I could remember what all that stuff in our Last Will and Testament was all about. I do know I formed relationships during my high school years that have endured and strengthened over time. DHHS will always be important to me because of the friendships and people it represents.

**Who are you most looking forward to seeing at this reunion? And why?**

I'd hesitate to list specific people, as I'd be afraid of leaving someone out. The "why" is hard to nail down. I guess I'd have to say that I feel much more fondness for my former classmates in general than I felt (or thought I felt) at the time.

I still remember sneaking out of her house in the middle of the night to meet Randy and Tommy (who didn't show up, by the way!) And, also, taking Sam to Underground with our fake I.D.'s!

I feel so fortunate to have had so many wonderful friends and teachers growing up at DHHS. I had so much fun in high school and have so many fond memories of our five years there! I still can't believe it's been 30 years since we graduated! But, at least we all still look the same! :-)

Here are a couple concepts. We spend the first 50-60 years of our lives trading time for money, and the balance of our lives trading money for time. Mark Twain said up until a child was about 12 or 13, he/she thinks his mother and father are the greatest/ smartest people in the world. From about 14 to about 22 or so, a great transformation tends to take place, and it's amazing that children between these ages think they are the smartest people in the world, and their parents are the dumbest. Then once the kids are 25-30, and out in the real world, earning a living, paying taxes and starting to raise a family, its amazing how smart their parents look to them again. Such are the cycles of life.

**Family Information that you'd like to share:**

Married 8 years to Mitch Williams; one son from previous marriage who is 16 years old.

**Hobbies/Special Interests:**

Reading, consulting, public speaking, spending time at my mountain home – none of which I have the time to do as much of as I want!

**Regarding future reunions, would you like to combine reunions with other DHHS classes such as '73 or '75?**

Sounds great – Would definitely like to see '73 included, since my husband is from that class.

**What's the best thing(s) to happen to you in the last 30 years?**

That's easy. Being a mother. My son is a remarkable young man, and I've loved every single day of being a mom.

**What's the most significant event to happen to you in the last 10 years (since the 20-year reunion)?**

That's easy, too. Through a series of really bizarre coincidences, I was re-connected with my old high school boyfriend, Mitch Williams, DHHS class of '73 – after 21 years. When we met again, it was like we had only been apart for a few months – we still had a great time together. That was 8 years ago. We've been married now for 7 years and have a great marriage and still amazing friendship.

**What's important to you now?**

My family; good health (I almost lost it 14 years ago, so I really cherish it); good friends; making the needle jump in my business; - and most of all, my faith! Oh yeah, and a few weeks in the South Pacific every year doesn't hurt.

**Where do you see yourself in 10 years?**

Who really knows? I don't try to over engineer the future any more. Enjoy every day as it comes. That being said, I hope in 10 years I'm still healthy, enjoying life, and having more time to do the things I really want to do.

**Who are you most looking forward to seeing at this reunion? And why?**

Everyone! We had a great class – wonderful spirit, lots of energy, and those with whom I've kept in touch continue to amaze me with their talents and outlook on life. Can't wait to see the rest of our class!

Have made observation over past 10 years- the disaster that my high school teachers predicted for me did not, in fact, materialize. After all, the facts were on their side! I'm not proud of this; it's more of a wonderment to me than anything else.

**Family Information that you'd like to share (ex. Spouse; Years Married; # of Children/Grandchildren, etc):**

After two failed marriages I had about just given up on finding true love. I went to church camp with my daughter in June of 1997. There I met a woman who had brought her two kids all the way from Taiwan to spend the summer with friends in Atlanta. Although there was a bit of a language barrier...and sometimes still is...Peiling and I have been married very happily for five years. My daughter Alix will be a senior at Lakeside. Peiling's son Justin will be a junior there. Her daughter Jasmine will be a freshman at Dekalb School of the Arts.

**Hobbies/Special Interests:**

Digital video. I make videos of our travels kind of like what you see on the Travel Channel. Several people have told me I make the best home movies they've ever seen. It's a great creative outlet. I'm also a bit of a computer geek...Macs preferably. Digital photography...fixing up old family photos, etc. Lately I've been buying a lot of old music on eBay...Doobie Brothers, Motown, Allman Brothers...the soundtrack to our high school years.

**Regarding future reunions, would you like to combine reunions with other DHHS classes such as '73 or '75?**

Sure

**What's the best thing(s) to happen to you in the last 30 years?**

Finally finding the person I was meant to spend my life with, Being a father, Having jobs that have allowed me to see a good bit of the world ...and witness some historical events.

**What's the most significant event to happen to you in the last 10 years (since the 20-year reunion)?**

My brother, Fred, died of cancer 10 years ago this summer. Even now he continues to be a great creative inspiration for me. His wife Mary, who was a truly wonderful person, also tragically died of cancer within a year of Fred's death. That period served to put my life in perspective. You can't watch people you love suffer like that and not be profoundly effected.

**What's important to you now?**

My faith, my family. Expressing myself in various ways.

**Where do you see yourself in 10 years?**

Peiling keeps talking about building her dream house. Not a mansion or something huge, just a house that's designed exactly for us. We'll build it here, or maybe out west, or maybe even Taiwan, or Shanghai. I'd like to work less and spend more time doing what I like to do.

**Who are you most looking forward to seeing at this reunion? And why?**

What a question!! Actually, I'm probably not coming. My wife is visiting her family in Taiwan. I'd feel awkward without her. I know...I know...
